School is closed this week on account of the principal, Prof. Little, being called to his home in Jackson county by the local board. It is hoped he can soon return and resume his work.

The U. S. Civil Service Commission has announced an examination for the county of Lincoln, Ky., to be held at Stanford and Somerset on Oct. 12, 1918, to fill the position of rural carrier at Waynesburg and vacancies from other postoffices in the above mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a postoffice in the county and who meet the other requirements set forth in Form No. 1977.

This form and application blanks may be obtained from the office mentioned above or from the U. S. Civil Service Commission at Washington, D. C. Applicants should be forwarded to the commission at Washington at the earliest practicable date. During the continuance of the present war the commission will, in accordance with the request of the Post Office Department, admit women to rural carrier examinations upon the same conditions as men.

MARRIAGES

Sam Waddle and Miss Bonnie Duke, of Somerset, were married at Somerset and were married.

Sergeant Lewis Smiddy, formerly of Red Ash, Whitley county, was killed in France. Private Clark Hall, of Harlan, died from wounds received overseas.

The engagement of Miss Ida Lillard and Judge William Dowling, of Lawrenceburg, has been announced. The wedding will take place in Washington City in October.

Chamberlain's Cough Remedy

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Win Scruby, Chillicothe, Mo., writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

RED CROSS NOTES

The primary grades, the first four, in the Stanford schools, are the first in the country to send their check for the adopting of a French orphan. The second school in the county to be 100 per cent Red Cross is Elison school at Eubank, taught by Miss Elsie Singleton. This, together with a pie supper, has more than enabled them to adopt their French orphan. How many other schools are working?

Giving his personal views of the Austrian peace note, A. J. Ralston, British Foreign Secretary, said it was incredible that anything could come of it. He added that mere conversations were practically useless and exposed the inconsistencies of the German and Austrian peace moves.

RUMMAGE AND STOCK SALE

On Friday, Oct. 11th, the Lincoln County Chapter of the Red Cross will hold a rummage and stock sale at Beech Point, the home of Robert Darbshire, near Shelby City. It is hoped that a good crowd will be present, and that a good sum will be realized for the good cause.

WANTED—A REASON

The political campaigns in the State are to open within a few days, and the senatorial candidates are to declare themselves to the people of Kentucky. Gov. Stanley, of course, will promise complete adherence to the policies of the President and the prosecution of the war. This will be entirely satisfactory to all Kentuckians and will make it certain that, with Mr. Stanley in the Senate, the patriotism of the State will be properly represented.

Dr. Ben L. Bruner, the Republican candidate, will also make a patriotic speech. The Courier-Journal is not a fortune-teller, but it might venture to anticipate some of the things the doctor will say. His party is committed to equal suffrage and national prohibition, and Dr. Bruner will undoubtedly endorse them, although they will in all likelihood be disposed of before the next Senator from Kentucky takes his seat. He will declare that he is for the nation and the war and for the President's conduct of the war. He may not go so far as to guarantee a minute adherence to the ideas of Woodrow Wilson, but the patriotic references in his speech will be, in the main, satisfactory. The Courier-Journal has reiterated that the Republicans are just as earnest in their patriotism as the Democrats and just as firm in their stand for pushing the war to the glorious day of a peace dictated by the Allies.

Thus the situation in Kentucky will be that two candidates offer themselves, both uncompromising Americans, both supporters of the war program, but one a party supporter of the President and the other his party antagonist. Unless Dr. Bruner is to declare himself a Democrat, we believe the foregoing statement is a fact that will not be refuted by the sensitive Republican press and leaders which the Courier-Journal seems somehow unable to please. The choice for the voters will be, therefore, between a man of the President's political persuasion and a man of opposite political faith.

The administration of the war has been under the high command of a Democrat and a party majority in Congress, with men of all parties laboring earnestly to carry out the program. That our unity of action has been so complete, that the war program could be guaranteed in advance and counted upon by the Allied armies, arose chiefly from the fact that the representatives of the President's party were in control of Congress. No Democratic caucus was necessary to insure minority votes for war measures, because the President is not only the leader of the country but of the controlling party in Congress as well.

On this basis the President has been in full sway. The Republican leaders are asking the voters to retain them in control of Congress. What reason do the Republicans give for asking that the control shift to them? A vote for Bruner means a vote for a Republican majority in the Senate. For what purpose do the Republicans seek that majority? They can not deny that the present majority has carried out the President's war program, in which they espouse confidence and to which they adhere. Wherefore, then, do they want control? Why should Kentucky replace the James with a Republican? And, in the name of logic itself, why vote for a local Republican against Swager Sherry in Congress?

Perhaps Dr. Bruner will answer these questions in his opening speech. They need an answer. Courier-Journal.

VIVE LA FRANCE!

A wordless answer—So lightly dressed to other years—From pen or tongue, Fair France.

You have become A name for tears; A sad word, stripped Of its gay foam—Ah France!

Our heart must give To sudden blood—To flow with one Proud France!

Our souls ascribe To brotherhood—We fall—or live With France!

And though our pain Across the seas We stretch a hand—We lift our eyes To France!

Though laughter dies, Thy name shall stand For liberty's Disputed reign—O deathless name—O France!

—Una Wright Hubbell.

DOINGS THE COUNTRY OVER

Sam Bradley, son of William Bradley, of Rockcastle, was killed in action in France.

The Mercer county fiscal court elected W. Cummins poorhouse-keeper and voted to pay him \$10 per month for each inmate.

Mrs. Paris Vaughn is dead in the Sweeney's Chapel section of Pulaski. Her husband is seeing service in France. Three children survive.

J. D. Owens, confined in the Columbia Jail on a charge of horse stealing, and Lilburn Brown, who was serving out a fine, escaped by tunneling through the walls.

Three automobile handits after Toul and Nancy, thus giving the Allies better opportunity for maneuver. Kentucky's registration under the 18-45 selective service law probably will go to 270,000. With five of the State's 120 counties missing, Mail, Henry Rhodes, selective service officer for the State, found that the enrollment last Thursday was 258,452.

London regards the Austrian peace note as a puff of the Allies. It is held that Germany and Austria are not ready to abide by the peace terms laid down by President Wilson. It is also held as a foregone conclusion that Austria is the cat's paw of Germany.

The War Revenue Bill and the \$7,000,000,000 War Department Emergency Bill are both up for final action by Congress this week. The five-minute rule has been put on the War Revenue Bill in the House. Leaders in both houses are planning on a October vacation.

Regional directors of the Railroad Administration were instructed to claim deferred classification for railroad general officers, shopmen, trainmen, skilled yardmen, road and maintenance of way foremen and skilled workmen, telephone and telegraph operators and other essential employees.

Further exposure by the United States Government of the ramifications of Lenine and Trotsky shows that millions were deceived in mental banks by the German government for the use of these traitors in spreading anti-Ally propaganda and the destruction of allied stores at Vladivostok.

Covered from head to foot with trench mud and carrying his gas mask in one hand and his steel helmet in the other, Secretary of War Baker returned to Paris Saturday night after having spent the two preceding days with the American troops accompanying them as they marched into St. Mihiel.

Indications are that the German people are becoming bitter toward the anti-Germans, this condition being brought to a head by the great military failure on the western front, which has brought down more criticism upon the Junkers. The feeling is being funneled to flame by the political strife in Austria.

Washington military experts regard Gen. Pershing's victory of great strategic importance since it relieves the French troops holding Verdun, and the wiping out of the salient may be followed by a great encircling movement against the stronghold of Metz, the center buttress of the German front from the North Sea to the Swiss border.

Mrs. R. R. Sherrer, of Wayne county, received a letter from Second Lieutenant Peter Morgan, 95th Company, 6th Regiment, stating that her son, Albert L. Sherrer, was killed in France. Young Sherrer was a member of the marines that did the brilliant fighting in June, and started the great victory that is being won for liberty.

President Wilson emphatically rejected the Austrian peace feeler. The words of his recent Baltimore speech, in which he said the war would be pushed with "force without stint of limit," were reiterated as the answer to Austria. Behind the Washington sees Germany and the proposal to discuss terms as another phase of the peace propaganda which the anti-Germans have been planning in an effort to hold what territory they have gained by unlawful conquest and treaty. Baron Burian, Austrian Foreign Minister, is regarded as the diplomat who launched the latest peace offensive.

WITH THE CHURCHES

Rev. W. O. Foster, son-in-law of Mr. J. S. Hocker, will begin a protracted meeting at the Christian church at Hustonville next Sunday, assisting the pastor, Dr. A. H. Haugh.

The Baptist church has just closed a very fine meeting. Large congregations were present at every service, and a splendid interest was manifested throughout. Rev. W. L. Walker, pastor of the Baptist church at Danville, did the preaching. His sermons were practical and heart-searching, and the people listened with unabated interest. He was unsparing in his denunciation of worldliness on the part of professing Christians, but very tender in his appeals to the unsaved. The influence of his personality and his ministry will long abide in this community. The church has been inspired and greatly strengthened by his coming. There were twenty additions to the church. The singing was led by Mr. E. L. Wolzlagel, of Asheville, N. C. He is a master of song and of audiences, and besides he is one of the finest personal workers that has ever been in our midst. His wonderful tact and consecration added no little to the success of the meetings. He sings and prays and preaches equally well. Come again brethren and Harrodsburg will give you a royal welcome. —Harrodsburg Herald.

BAPTIST MISSIONARY MEETING

The W. M. U. of the South District Association will hold their annual all-day meeting at the Hustonville Baptist church, Thursday, Sept. 19th. Quite a number are coming to the meeting from the local society and all the societies in the association will be represented. Mrs. J. H. Morgan, of Harrodsburg, the association's superintendent will preside over the meeting and the following subjects will be presented: "Our Watchword and Hymns for 1918-19," Mrs. J. C. McClary, Stanford; "Our Plans and Ideals for 1918-19," Mrs. J. H. Morgan, Harrodsburg; "How We Get and Hold New Members," Mrs. Owen Torrance, Bruner's Chapel; "Our Duty to the Young People of Our Church," Mrs. Walker, Danville; "Our State Board," Mrs. J. M. Shouse, Danville; "War Mothers' Club," Mrs. E. L. Rinehart, Stanford; "W. M. U. Training School," Mrs. J. L. Adkins, Perryville. The devotional exercises will be led by Mrs. H. Clay Bottom, of Junction City, and Miss Maudie Ware, of Hustonville.

19 TO 37 TO BE CALLED FIRST

The Local Board of Lincoln County has received the following order from the Provost Marshal General: "The President directs that in calling and drafting for military service the persons who registered September 12, 1918, only registrants who on September 12, 1918, shall have attained their nineteenth (19th) birthday and shall not have attained their thirty-seventh (37th) birthday, shall be called for classification and drafted for military service until further orders." A day will hereafter be designated by the Provost Marshal General when the mailing of questionnaires shall commence. In pursuance of the above order questionnaires will only be mailed to those of the above ages until further orders are received. Local Board Lincoln County.

DIED OF HIS WOUNDS

Jesse Carter, son of Charles Carter, of the West End, died in France from injuries received in battle. He was taken into the service more than a year ago, but had not been in France very long when he received his wounds. He was an exceptionally fine young man and the announcement of his death has cast a gloom over the community in which he was held in such high regard. Col. John B. Dixwiddle, who knew him well and who was here this morning, said he was one of the best young men he ever knew and that his death was a calamity.

The United States Government will definitely and emphatically reject the proposal of the Austro-Hungarian government for a peace discussion. This was announced last night by Secretary Lansing with the authority of President Wilson after he had read the official text of the proposal. The note of reply—a single paragraph—declares that the United States has been clearly stated and no proposals that are not in keeping with it will be considered.

BIG RATTLER KILLED

A. P. Brackett bought a dead rattlesnake from a Crab Orchard man who had killed it the other day, paying 25¢ for it. He will send it to Cincinnati and sell it to a dealer in such relics or curios. The serpent had eight rattles and a button and was nearly five feet long.

CHAIRMAN STOLL MAY COME

It is very probable that Chairman John W. Stoll, of the Eastern Division for the Fourth Liberty Loan, will meet with the bankers here Friday, 20th. In the event he can not come, Field Representative W. L. Threlkeld will be present.

GOOD FOR BILIOUSNESS

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness. Seeing Chamberlain's Tablets advertised I concluded to try them. I improved rapidly." —Miss Emma Verbyke, Lima, Ohio.

LIBERTY LOAN TRAIN

The Liberty Loan Train, carrying a lot of war curios, together with good speakers, will be at Stanford on October 3rd. The hour of its arrival will be given later.

TEACHERS' EXAMINATIONS

White teachers' examination, Sept. 20-21. Colored teachers' examination, Sept. 27-28. G. Singleton, Supt. 74-21

IT IS NOW P. M. PENNY

Mr. George L. Penny has been postmaster since Sept. 3rd, but neither he nor his predecessor, Mr. H. J. McRoberts, knew it. In fact the latter gentleman thought he was the "boss of the office," but Sunday papers were received which made him aware that he had only been a helper since about the first of the month. The papers were delayed in transit, hence the uncertainty as to Stanford's postmaster. As postmaster, Mr. Penny is filling the bill splendidly and as a retired office holder, Mr. McRoberts will now enjoy a good, long rest—something that he has needed for a long time. His legion of friends are glad of his opportunity to rest up and hope that he will soon be well and strong. Stanford has been especially fortunate in having efficient men to handle the mails and we are confident that the good town has never had two more efficient ones in her postoffice than the present and retiring postmaster. It is pleasing to note that Miss Emma Hays will remain with Postmaster Penny, but the public will learn with regret that Edwin Webb, who has been such excellent help will likely resign and go to college.

HAIL AND WIND DAMAGE

Hail and wind did a great deal of damage in and around Crab Orchard during the thunder storm yesterday evening. Hail as big as hen's eggs fell, breaking window glass, stripping the blades off of fields of corn and playing havoc with tobacco. Many farmers had their crops of the latter ruined. George D. Boone's 30 acres of corn was badly used up and ten acres of buckwheat, just ready to cut, was ruined. All of the lights on the South side of the Baptist church were broken out, 36 lights in the home of George D. Boone were shattered, many in the mill were broken, while the big, new silo Messer, Bright and Paxton had just built was blown over. Fortunately it contained no feed. John Green Fletcher had 13 shots killed by the hail stones, and trees of various kinds were uprooted by the severe wind, which did much other damage. The storm was a costly one for the East End, but fortunately most of the tobacco growers had hail insurance.

THOMPSON SELLING FARMS

Col. Monroe Thompson, of Waynesburg, was a caller at the I. J. office Saturday. He was accompanied by his friend, E. J. Surber, of Louisville, who had come over for a brief visit to the people of his old home at Waynesburg. Col. Thompson has been making sales of real estate right along, but declined to give out but two of the transactions, the others he promised to divulge later. He sold Mack Estes the John Waddle farm of 40 acres for \$2,500 and to N. B. Triplett he sold 140 acres on Fishing Creek for \$3,600. Col. Thompson says the people of this section are waiting rather impatiently for the pumping of oil to begin. The pipe line has been laid from Waynesburg to the oil field, 5½ miles, and when the pumps arrive business will begin in earnest. As stated before in these columns, Mr. Thompson believes that the Waynesburg field is going to prove a paying one and that he expects big things from it during the coming year.

PRESBYTERY MEETS TODAY

The Presbytery of Transylvania will convene in the Presbyterian church this evening. The following order of exercises will be observed: This evening at 7:30, opening service, sermon by Rev. R. L. Telford, D. D., of Richmond. Wednesday, 9 to 11 A. M., business. 3:30 A. M., address by Rev. W. H. Hopper, of Louisville. Afternoon session, Missions and Sunday school work. Evening, 7:30, sermon by Rev. E. M. Green, D. D., of Danville.

BIG ENROLLMENT AT CENTRE

The largest enrollment in the hundred years' history of Centre College has been made. Up to last night one hundred and seventy-five boys had matriculated and many are known to have remained at home to register while others will not arrive until October, when the military department will be set into operation. The full attendance will exceed two hundred young men.—Danville Advocate.

"HILLTOP" TO SELL THURSDAY

J. H. Baughman's magnificent "Hilltop" farm in Boyle county will be sold Thursday by Col. G. B. Swinebroad, the Lancaster "sale wizard." This is one of the best farms in Central Kentucky, containing 510 acres and located within two and a half miles of Danville on the best piece of the county. 750 cattle and other live stock will also be sold. See page "ad" elsewhere in this paper.

SALES AT WAYNESBURG

The Farmers' Club of Waynesburg will have a horse and mule sale at Waynesburg October 3rd, when 50 pairs of work mules, 100 yearling and weanling mule colts, a lot of horses, etc., will be disposed of. T. J. Ellis is president and H. P. Day, secretary of the club, which is a lively one.

AN INTERESTING MEETING

Rev. A. L. Caulder, pastor of the colored Baptist church of this city, tells this paper that the meeting conducted at his church last week by Rev. Timberlake, of Georgetown, was a great success and that he believes much good will result from it. During the meeting a service flag with 24 stars was unfurled.

LADIES, A WORD, PLEASE

Before you buy, come and look at my new hats now on display. Miss Ella May Saunders. 11

THE LATEST WAR NEWS

The Americans in their drive in the St. Mihiel salient have probably trapped between 50,000 and 60,000 Germans. The Havas Agency reports that the Germans had between 90,000 and 100,000 men, and that they escaped from the "trap" at the rate of 1,000 an hour. This would account for 36,000 making their getaway and leaving from 54,000 to 64,000 in the pocket made by the advance of the Americans. Edward L. James, in his account of the battle, mentions that behind the American lines were a number of the enemy, in fact that the advance had been so rapid that much of the ground they have traversed was almost unexplored, paradoxical as that may seem. The capture of the prisoners and the dash of the Americans is vividly told in this story.

A new attack against the German lines is hourly expected as the answer to the Austrian peace proposals. Where the blow will fall is not indicated, but Washington officials believe the strategy contemplates such a move. The greatest reticence is maintained regarding the tactics of the Americans in the St. Mihiel sector.

The military critic of the Courier-Journal and the New York Times interprets the recent offensive of Gen. Pershing as but the beginning of a great turning movement of the allied forces designed to reduce Germany west of the Rhine to the state of Belgium and Northern France, to give the huns "a taste of their own medicine."

Trotsky and Lenine have played the part of Judas with the Russian people. Proof that they had sold out their country to the Germans is shown in diplomatic papers made public by the Committee on Public Information. All the scheming of the Berlin intrigues, aided by the pseudo-Socialists, forms another link in the chain of German duplicity. Russia was exploited through the machinations of the hand of traitorous Russians, and at the same time Germany double-crossed the Bolsheviks in the seizure of the Ukraine.

Count von Hertling, Imperial German Chancellor, declared Friday that peace is nearer than is generally supposed. He said the government and the army were "opposed" to "all conquests."

The St. Mihiel salient has been wiped out by the Americans and thousands of prisoners taken. All objectives have been reached and Americans now are on the German border line. Gen. Pershing announces that 13,300 prisoners have been captured. During the attack American planes bombarded the German lines and dropped bombs on German towns.

The Germans, driven from the St. Mihiel sector by the American First Army, are strengthening the old Von Hindenburg line with the evident intention of making a strong defense of the jeonardized iron mines of Briey and the city of Metz.

Both the French and British have made substantial advances during the past two days, the former along the Soissons front, where they captured several thousand prisoners and a colonel and his staff, and the latter by approaching St. Quentin and improving their line there, thus damaging the Hindenburg line.

Austria, in her peace note, calls on the belligerents to discuss ways and means for ending the war, which, Vienna asserts, can not be won by the sword except by slaughter. By discussing the situation a basis for peace might be arrived at, is the statement of Vienna.

ARRESTED ON SUSPICION

George DeJohn, son-in-law of Peter Kolen, who conducted a soft drink house on Denot street, was arrested Saturday afternoon at the instance of the local board and placed in jail. He had no card to show that he had registered, but his wife went to her home in Harlan that night and found a registration card. The board here was not yet satisfied about DeJohn and had considerable telegraphic communication with the Cincinnati board. Two wires authorized the local board to hold him, but another came at about noon today saying that he might be released, which was done forthwith. The fellow, Arrip, who worked for Kolen, and who was jailed as a slacker some week or ten days ago, is still in duramne vile.

HEAD NASHED SHAPELESS

A Georgia negro, working for Willard & Borgs, who are double tracking the Q. & C., near McKinney, fell from the train he was riding from the work near Green river to the McKinney depot and met instant death. His head fell under the wheels and was mangled into a shapeless mass. He was buried in the colored cemetery near McKinney.

DR. BRUNER HERE SATURDAY

Dr. Ben L. Bruner, the Republican nominee for U. S. Senator, will speak at the court-house in Stanford at 1 o'clock next Saturday afternoon, 21st. The doctor is said to be a very interesting speaker and will doubtless be well received here.

DEATH OF LITTLE GIRL

Mr. and Mrs. William Perry, of the Waynesburg section, were called on last week to give up their bright little two-year-old daughter, who was laid to rest in the Olive burying ground Friday. The little thing had been ill most of the summer.

CRAB ORCHARD SATURDAY

I will be at Crab Orchard Saturday for the purpose of collecting taxes. Please meet me there prepared to settle. H. C. Baughman, Sheriff Lincoln County. 11

Col. Quincy B. Love, of Danville, president of the Stanford Hotel Co., has entered into a contract with the War Department to have charge of the mess hall at Centre College.

LETTER FROM "OVER THERE"

Somewhere in France, Aug. 18, 1918.—Mr. Edd Farmer: Dear old school mate: I am thinking of our old play days which we used to have together and know we are far away from each other but we may be together some day again. Well, I am in the hospital at the present, but will be able to go back to duty soon. I was wounded in the neck and gassed also, but I feel as if I was good for a dozen Huns yet. I was on the front and went over the top. It is sure funny, though, to get them on the run and see how many you can bomb off before they get in their holes. They are sure fond of it. But they are in one now they won't get out of soon for they started something they couldn't stop. I was talking to a German prisoner and he said they could tell when the Americans were on the line. He said they could tell by the crack of our guns, and believe me, they can tell some of these days we are in Berlin for we American soldiers know we are soldiers and good fighters with it, and they have found it out already. The Huns say they want peace. We will give them peace, yes, we will, like hell we will. I don't think there is a good German living; well, in fact, I know there is not. What I call a good one is when I can get him on the end of that sixteen inches of steel our Uncle Sam furnishes us with, and when I shake him off I call him a good one. Well, how is every body on Neal's Creek? Well, I hope. Give every body my best regards and tell Junior to write me and when you see mother, tell her I will write her soon and tell Mr. Dink I wish I was with him this evening. I could tell him more than I can write. Well, I have not seen any of the home boys since I have been over here, but I know the Stanford boys are here somewhere. Have you heard from any of the boys since they have been over here? I don't know of anything else to write for this time. Write me a long letter soon and tell me all the news. I will close for this time, so goodbye, with love to all, to Edd and Junior, from your old friend, as ever, PRIVATE AUGUST DAUGHERTY, M. G., Co. No. 26, Inf., A. E. F.

JUNCTION CITY

Master Lloyd Kelley has been ill this week and his sister, Miss Francis Kelley, a member of the senior class has been with him. Mr. Kelley has completed the repairing of the sidewalk so long closed on Shelby street, opposite the Cumberland Grocery Co.'s office. Mr. Hendron, who lives on the old Depauw farm in Lincoln county, has entered his children in the Junction school. There are three of them. Messrs. S. W. Burke and Tom Blacketer will enter State College to be student army training corps men Monday. Mr. Chas. Rosel is having Messrs. George and John Hogue put a new shingle roof on the L. T. Turpin residence, instead of the old tin one. Mr. A. J. Evans mowed down the grass and weeds in our Junction City School lot Monday and now the 172 boys and girls can play without getting lost in the weeds. Mr. Gratton Preston is having Mr. Willis Sewell cover his blacksmith shop with a new roof. Eugene V. Debs, four times candidate for President of the United States on the Socialist ticket, was found guilty of violating the espionage act by a Federal jury in Cleveland yesterday. Gov. Stanley and Senator Beckham will make two speeches September 21 and 23, opening the Democratic campaign, and from then until October 19 will drop politics to devote their time speaking in the interest of the Liberty Loan campaign. Next week an auto truck mail route will be established between Cincinnati, Ohio, and Nashville, Tennessee, via Lexington, Burgin, Danville, Atoka, Perryville, Enid, Texas, Springfield and Bardonia, says the Danville Advocate.

VOTE TO SUPPORT

THE PRESIDENT

The Louisville Post sounds the keynote upon which Gov. Stanley goes before the people in the race for U. S. Senator, and that is to name a man who can be depended upon to "support by voice and vote all the war policies of the President of the United States." Efforts will be made by friends of Dr. Bruner to belaud this issue, but thinking voters will not be deceived. As the Post says: "Mr. Stanley is the nominee; his name goes on the official ballot; unless he is elected, a republican senator will sit in Congress and that one vote may tie the hands of the President. Overshadowing all other considerations for Americans is the compelling force of the war. Mr. Stanley should receive the support of those who understand the grave exigencies of this grave hour in American history."—S. M. Sautley's Richmond Register.

YOUR PATRIOTISM

APPEALED TO

The government wants locust timber to build ships and for other purposes with which to help end this terrible war. KINGS MOUNTAIN

Rev. Bugbee filled his last appointment of the conference year Sunday night at the Methodist Episcopal church here.

Everybody is rejoicing over the good rains which were so badly needed.

John Hart, who for several years conducted the Pennybacker Hotel here, died at his home near Hood River, Oregon. He moved from here only a few months ago. He leaves a wife and three sons.

Sam Ham died at his home near this place after only a few hours' illness and was laid to rest in the Gooch graveyard. He was 71 years of age and leaves a wife.

Roscoe Gooch was the guest of Miss Luada Gooch Sunday afternoon.

Mrs. Eva Dishon took the noon train for her home at Detroit, Mich., accompanied by Miss Mary Esther Gooch and her uncle, Granville Murphy.

James Eliat returned to his home here Tuesday from Detroit, Mich., where he has been holding down a good job.

Jake Nance sold to Rube Horton, of Waynesburg, a fat cow for \$55.

Mrs. Patsy Vaughn was the guest of Mr. and Mrs. Walter Gooch, of Waynesburg, Sunday.

Miss Susie Goarlen has rented the house just vacated by Mrs. Sue Dishon, and will move to it soon.

Mr. Roscoe Gooch has returned to work in Cincinnati after a short stay with homefolks here.

Mr. Howard Sweeney died at his home here after several weeks' illness and was laid to rest in the Pleasant Point cemetery after a brief talk made by Rev. Coakley, of Waynesburg. He was a devoted member of the Baptist church. He was 76 years of age, and leaves a wife and several children, who are all grown.

Mrs. W. L. McCarty visited her parents, Mr. and Mrs. Meredith Francis, of this place, last Sunday.

Mr. R. E. Horton, of Waynesburg, bought several head of cattle from various parties in this section last week.

A SERIOUS PROPOSITION

Any Democrat who fails to support Gov. A. O. Stanley for United States Senator is indirectly attacking President Wilson and his administration as Gov. Stanley has been one of the staunchest supporters of the President. A Louisville man at the Gilcher Hotel last night said a certain element of the party in that city opposed Stanley at heart but would vote for him. He said Stanley had not stood for the whisky element and that they were not pleased with him. Gov. Stanley has done more for the temperance cause than any man in Kentucky in years and the Advocate is glad to observe that the really sincere temperance people are for him to a man. Senator J. C. W. Beckham, Kentucky's noted temperance leader, has come out for Stanley in unmistakable terms. Dr. N. A. Palmer, the Michigan Republican anti-saloon league manager, whose job has been destroyed by liquor being wiped out, naturally will oppose Gov. Stanley because Stanley has been instrumental in bringing his fat job to an end—for liquor will be prohibited absolutely after the first of next July and Jack Palmer will be seeking a new field. The people generally will be glad to get rid of him as he has only been a trouble maker apparently with a desire to keep the liquor question in politics just as long as possible. He is said to have been opposed to the rock ribbed anti-liquor law which Gov. Stanley and Boyle county's representative successfully supported in the legislature and which has almost entirely relieved this community of the liquor nuisance.—Danville Advocate.

NEW PAPER MONEY

Two new greenbacks—the first of the nation's wartime currency—are in circulation. They are the \$1 and \$2 Federal Reserve Bank notes, planned especially to replace the silver certificates withdrawn from circulation as the Treasury's silver reserve is melted into bullion for export to the Allies.

The \$1 note bears a portrait of George Washington in the upper left-hand corner of the face side, and otherwise resembles generally a Federal Reserve note. On the reverse side is shown in a center oval an eagle in full flight, typifying the nation mobilized for war.

The \$2 note is similar, except that it bears a portrait of Thomas Jefferson on the front and a picture of a battleship on the back.

"HOPPERS" DESTROY TOBACCO

Mr. T. A. Bradley, who resides about four miles from town on the Lexington road, had an unusual experience with his tobacco crop this year. He has one field of two acres which he set three times, the plants having been destroyed by grasshoppers twice and the third planting badly damaged. Mr. Bradley says he never experienced anything like this in his life before, but that he is now convinced that grasshoppers like a "chew" pretty well. This tobacco was planted near a clover field and in all probability this is accountable for the onslaught on the tobacco. Mr. Bradley has a crop of several acres this year and stated that most all of it would make a pretty fair yield.—Danville Messenger.

German prisoners captured in the French-American drive on Chateau Thierry are now working for the American Red Cross on the erstwhile battlefield near Chateau Thierry harvesting a 400,000-bushel wheat crop for French refugees. The field is strewn with unexploded shells, which are a constant menace to the reapers.

Secretary McAdoo called on the employees of railroad machine shops and roundhouses to speed up repairs on locomotives so that 600 Pershing may have the output of new engines. He declared that these new locomotives were essential to the success of the American army.

YOU COUNT IN ONE WAY ONLY

Never, so much as now, has the individual counted for so little.

Individual rights, individual privileges, individual responsibilities have given way to the greater consideration, the welfare of the people as a whole.

For nations, not peoples or races, have taken in hand the destinies of the world. The individual has been pre-emptorily put aside.

Whether liberty shall live or perish from the earth is for determination in the aggregate. It is not for any one man to say.

The Kaiser soon is to realize this. But there is one way in which you can count.

One way in which you may still make yourself felt throughout this storm-tossed world.

You can make your little individual contribution to the cause of freedom, of world democracy, of permanent peace.

You can buy a Liberty Bond.

You may otherwise be subordinated, effaced, shunted into comparative oblivion and made to feel that you no longer count.

But here you can take your little place in the sun.

It's a chance of a lifetime; the chance of yours.

Don't miss it.

Lord Bryce, replying to Von Payer's peace overtures, says any agreement with Germany before that nation is completely defeated is impossible. A league of nations, stronger than any possible enemy, is his answer to Von Payer's "welcome" to international arbitration.

At the next meeting of the State Board of Control, I will make application for a parole for Tom Fish (colored.)

GIRL RESENTS

A Paris dispatch says: Resenting a remark he made concerning the war, a young woman of Paris, whose name is withheld, administered a thrashing to a strange man on a Louisville & Nashville southbound train near Paris last night.

The young woman had been in Cincinnati attending the conference of the Methodist church and boarded the train for her home in this city.

Sitting in front of her were two strange men discussing the war. One of them remarked, "I don't care how long the war lasts; I am making more money now than I ever did in my life."

After he had repeated the statement the second time, the young woman rose from her seat and belabored the stranger over the head with her umbrella, striking him in the face several times with her open

DISLOYAL REMARK

"You contemptible cur," she said. "I'll let you know I have a brother on the firing line in France and I will listen to no such talk as that."

The man made no resistance, but as his hat rolled down the aisle and the blow of her blows sounded, a number of passengers came to her rescue.

The stranger was profuse in his apologies and said the lady had placed the wrong construction upon his remarks. He left the train at the next station.

Do you get up at night? Sanol is surely the best for all kidney or bladder troubles. Sanol gives relief in 24 hours from all backache and bladder troubles. Sanol is a guaranteed remedy. 50c and \$1.00 a bottle at the drug store.

DEBS AND OTHERS GET THEIR

Full blooded Americans everywhere will be delighted to know that Eugene V. Debs, three times the nominee of the Socialists for the presidency of the United States, has finally got what has been long coming to him. He was tried for obstructing the draft and advising men not to register or go in the army, in addition to other charges, and given 30 years in the penitentiary and fined \$10,000. No man in the country has done more to stir up discontent than Debs or done more to create distrust against the government, and it is strange that he has escaped prison so long. When the verdict was read he remarked that it was all right that everything would come out properly in the end. The country will agree with him that it is all right, but will feel better when it knows that he is getting his deserts in prison, he having appealed from the verdict. This certainly is a bad year for disloyalists. A score or more were convicted in Judge Cochran's court at Covington and given all the way from six months in jail to 20 years in the penitentiary with fines of \$20,000 and less. Most all the men are wealthy Germans, who met almost daily to discuss the war, when a dictograph concealed in the room recorded their disloyal remarks, and it was upon the mute testimony that they were convicted. It is well that disloyalists are being brought to law and are finding their way to prison. This country can not afford to have kaiser supporters in its midst and the sooner they are rounded up and punished the sooner will all people learn that no streak of disloyalty will be permitted to show, when all others are heeding their efforts to crush the infamous huns.

UNITED WE STAND

The whirligig of time and the arts of politicians bring many wonderful changes. It will be recalled that the last time Senator Beckham spoke at Mayfield it was with that arch Republican, Judge Ed. O'Rear, both advocating state wide prohibition, ostensibly, but really in object to get Harry McChesney, the apostle of that cult, nominated against A. O. Stanley for governor. It was the biggest mistake of the Senator's political career and turned many former ardent supporters against him. They could not beat Stanley either in the primary or general election and he has since been on duty at Frankfort, making the State a real governor. The "heavenly twins" as Gov. Stanley dubbed the incongruous pair, brought them into such derision that after a few disappointing attempts to carry on the campaign, they finally threw up the sponge at London, where an even smaller crowd than they had at Mayfield greeted them. Senator Beckham seems to have learned some things since then, and we who have always had a high regard for him are delighted that the wisdom for which we gave him credit has asserted itself and that he and Gov. Stanley will hereafter pull together for the party, instead of in opposite direction. We congratulate both him and Gov. Stanley and believe and hope that they will remain in the Senate as long as they show forth works more for reward.

Editor Shelton M. Snufley, of the Richmond Register, is to head the press bureau in the present Democratic campaign, Chairman Thomas S. Rhen, of the Democratic campaign committee, having named him for the position. No man in the State is better qualified, nor is there one who will put more life into the work. Brer Snufley is a sure enough "live wire" and his connection with anything means that it is a go from the start.

There are 5,500,000 motor cars in use in the United States, an average of one car for each 22 persons. Kentucky has 57,543 cars, or one for each 41 of her population of 2,394,093. Iowa has one car for every six of her people.

The Cincinnati Enquirer is arguing itself unknown when it speaks of Dr. Bruner, the Republican nominee for U. S. Senator, as being a citizen of Lancaster. However, it doesn't matter much, for the doctor will be forgotten after the November election.

Thomas M. Owsley has been made chairman of the Fayette Republican campaign committee. From the onslaught his paper in Somerset is making on Gov. Stanley one would think that he is also chairman of Pulaski.

BANKERS COMING FRIDAY

The bankers of this county will meet here Friday to discuss and arrange details for the floating of the Fourth Liberty Loan in Lincoln county. It is very probable that we will be asked to buy between \$275,000 and \$300,000's worth of the excellent paper and in order that it may be done and done quickly, the bankers—the money men of the county, that is, the men who handle money and do things—will gather to perfect plans for the big task. Every banker is requested to be at the court-house, where the meeting will be held, promptly at 10:30 Friday morning, when a short business session will be held. An adjournment will be made at noon, when the visiting members will be guests of the Stanford bankers at dinner at the Stanford hotel. It is desired that every bank be represented and Chairman J. S. Hocker will feel greatly favored if those bankers who are coming, will kindly drop him a card, or call him up.

With a pledge of unequivocal support of President Wilson and of all administration war policies and purposes, and a charge that his opponent, Gov. A. O. Bruner, Republican nominee for United States Senator, made the opening address in behalf of his candidacy at Manchester yesterday.

The House, in fifteen minutes, yesterday approved of the increased normal and surtax rates for individuals, and defeated a move to kill the clause extending taxation to Federal officeholders.

Standers, Walkers, "Gels-it" for Corns

World Has Never Known Its Equal

"What will get rid of my corn?" The answer has been made by millions—there's only one corn-remover that you can bank on, that's absolutely certain, that makes any corn

Corn-Pain Is Excess—the Corn Is Doomed!

on earth peel right off like a banana skin—and that's magic "Gels-it." Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Gels-it" on the corn or callus. You want a corn-remover, not a corn-fooler. You don't have to fool with corns—you peel them right off with your fingers by using "Gels-it." Cutting makes corns grow and bleed. Why use irritating salves or make a bandage of your toe with tape or bandages? Why putter and still have the corn? Use "Gels-it."—your corn-pain is over, the corn is a "gone" sure as the sun rises. "Gels-it," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy by The Penny Drug Store.

Economy

Since 1912 both calfkin and sole leather have risen over 100%. All other items that enter into the making of a pair of shoes are higher—some several hundred per cent.

Our advice, in view of this situation, is—pay at least \$7.50 to \$12 for your shoes. It is true economy.

The satisfaction you get from the better workmanship and materials will justify the expenditure. Come in and see our Crossett models for Fall.

J. C. S. BLACKBURN

Joseph C. S. Blackburn left the United States Senate only eleven years ago, and that, as one considers the ordinary span of life, does not seem a long time, and yet so much has happened during the intervening period that Mr. Blackburn passes away almost a memory. At home in Kentucky he will be remembered because of the part he played in Kentucky politics, his clear and powerful voice, his interesting personality and sunny nature, but, when it comes to discussing that period at Washington in which Mr. Blackburn played a part, the average man will say that he remembers very little about it.

We do not say any of these things in a spirit of depreciation of the distinguished Kentuckian who died yesterday at Washington. As a matter of fact, Mr. Carlisle, who played a much greater part in American history during the four decades following the war, is equally forgotten. Those who had the opportunity to see Mr. Carlisle during the years when he was Speaker of the House or Secretary of the Treasury will never forget that wonderful face, with learning and intellect stamped upon every lineament, and the thousands of Kentucky people who have heard Joe Blackburn on the stump will not fail to recall his easy flow of eloquence. But the two men belonged to a period that is not only over, but which, while important in many ways, has been thrust into perhaps undeserved obscurity by the rush of world events incidental to the European war.

Mr. Blackburn dies an old man, but he played a prominent part for many years and enjoyed the life he lived. The Evening Post differed with the deceased Senator in, perhaps, a majority of his economic views, and we rarely found ourselves on the same side in Kentucky politics. Even at the edge of the grave we must state the facts. But we always were able to see Mr. Blackburn's good points and to understand why he had so many and such staunch friends. A great deal might be said of him, for he led, on the whole, an interesting life, but we think the best epitaph is the fact that, although he was in Congress during a period when men's ideas of honor were low as compared to now, no dishonest cent ever landed in the palm of his hand. He was an upright man, with tastes that might have been expected of a very wealthy man, but he lived and died a poor man.—Louisville Post.

PAINT LICK

Our school opened Monday, 184 enrolled. Misses My Powell and Mattie Adams resigned as teachers and have positions elsewhere. Mrs. B. R. Montgomery and Mrs. F. H. Smith have been put in as substitutes.

James Woods and William Marshbanks have bought J. L. Dozier's farm at \$130 per acre.

Robert Arnold, Jr., one of our ravin' boys, is at home on a furlough.

Miss Christine Metenife, of Lancaster, is the guest of Mrs. Martha Burgess.

Some of our young bloods have been running up and down our highways cursing and swearing and shooting their pops. We trust the officers of Garrard and Madison counties will watch for such and catch them and let them pay a heavy fine for violating the laws of our land.

Tobacco cutting is the order of the day and the corn crop, which is light, will soon be ready for the knife.

Corn sold at the Walker sale for \$8 a barrel at the heap in the field.

Mrs. Fannie Cornett is on the sick list.

Mrs. R. G. Woods sold several fat hogs to Center Bros.

Miss Clone McWhorter goes back to Millersburg to school this week and Miss Stella McWhorter goes to Ashland to teach.

The Baptist meeting is in progress and good attendance.

Tom Logsdon and Burdette Ramsey attended the State fair.

DAVIS' STORE

Leonard H. Robinson, who has been teaching at the Sugar Grove school, has given up his school at that place, and has gone to Detroit, where he says he is getting more money with less work. Mr. Robinson says that the legislature will have to do something for Kentucky school teachers, as they can not live at the present salaries.

Misses Cora and Cecil Hall, of Richmond, have been visiting for the last week with Mr. and Mrs. W. R. Smith.

The farmers in this section are complaining of their corn being greatly damaged by squirrels as there seems to be an increased number of them this season.

M. H. Johnson bought an aged work mule from some Danville parties last week.

The Pine Grove Sunday school enjoyed a treat last Sunday. Misses Cora and Cecil Hall, of Richmond, singing some beautiful solos.

We hear of complaint with the Irish potato crop in this section as not being anything like a half crop.

Some of our men seem to appreciate "Uncle Sam's" kindness in granting them a vacation and free transportation to France.

THOUGHT ONE CLEAN SHIRT ALL HE NEEDED

"Ten years ago I was reduced to a mere shadow. I was yellow as a gold piece and would often be doubled up with most excruciating pains in my stomach. Physicians could only relieve me with morphine. I was advised to try Mayr's Wonderful Remedy and it helped me at once. What is more, I have been well ever since. A friend said he thought one more clean shirt all I would ever wear." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. The Lincoln Pharmacy; The Penny Drug Store.

M. T. Rawlings, of the West End, bought of various parties a bunch of calves at about \$26.

Pistol and Revolver Cartridges for Shooting Right

FOR home defense, for hunting or for target shooting, buy the kind of cartridges the pistol and revolver experts demand and champions depend on to win—the Remington UMC "Red Ball" brand.

Knowing that a single "unaccountable" wild shot may cost him the match, our mixture in a hundred shots throw him out of his winning "form," the target champion chooses Remington UMC Cartridges.

He knows that even since he looked down the sights of his first pistol, he has found Remington UMC Cartridges all right.

The old gentleman—who "passed a six-shooter till he was lapped" and still delights in "making up" a shooting party when he gets a chance—says: "Give me Remington UMC 'Red Ball' brand cartridges every time—they shoot right!"

ON GUARD, KENTUCKY!

Right now, when our brave soldiers are striking at the serpent heart of Berlin upon the bloody field, Kentuckians have before them the opportunity to strike another severe blow at Berlin, even though they are occupied at desks, at benches or at the plow. Kentucky's opportunity to help clinch the victories of our troops and our allies lies in the election of Mr. Stanley to succeed the late Senator Ollie M. James in the United States Senate.

There is nothing that pleases the Imperial German government more than the opportunity to point out to the civilian population of the empire the fact that political changes are taking place in the capitals of the Entente. The German mind lays ready and avid hold of any shifting of the political scenes outside the Iron Ring, and the replacement of so notable a Democrat as was Senator James by an unknown Republican would be construed in Berlin and Potsdam as a repudiation of the President's management of the war by the voters of the great Commonwealth of Kentucky.

In Berlin it is known that Kentucky is a Democratic State. It is known how splendid was the representation of Kentucky in the United States Senate with Ollie M. James constantly and ably in support of the President's policies. If then Kentucky should make so great an error as to elect any Republican to succeed Senator James the Imperial German government could go to the masses of the German people saying that schism existed in the United States Government, and could bolster the crumbling morale of the German civilian population. This must not be permitted. No element of our national strength should be allowed to wane.

This matter is a matter for the studios consideration of the whole people of the Commonwealth, regardless of party.

Democrats, Independents, Republicans! Remember the nation first.—Louisville Times.

HELL'S PROTEST

To hell with the kaiser,
The allied world cries,
And hearing these curses,
All hell'dom replies.

If the thing called the kaiser
Should come down below,
Where in hell's kingdom
Could the rest of us go?

Annas would lose
His seat by the fire
Where now he holds sway
As the world's greatest liar.

Past masters in rapine
And murder and lust
Would hide in far corners
In fear and disgust.

Fierce pirates would scatter
Like rats from a ship
At the coming to hell
Of this submarine "dip."

To hell with the kaiser
We beg you do not,
Don't send him down here;
He'd make hell too hot.

We even doubt much
If the devil could hinder
The kaiser from burning
Him into a cinder.

As a matter of fact,
The devil has fear
That the kaiser may get him
Without coming here.

He thinks that the kaiser,
If the truth we may tell,
Is planning right now
To submarine hell.

For he "dopes" that the kaiser,
When he starts for perdition,
Will want the whole works
Without competition.

BOND VALUES WILL INCREASE

Money is the cheapest thing in American today.

It takes more money right now than in the last twenty years to buy most of the things that make for comfort and convenience in life.

Your cost of living has more than doubled in the last four years. Prices of nearly any article you may name have increased anywhere from 50 to 200 per cent. In many instances they have jumped 500 per cent.

Your dollar today is worth correspondingly less than it was at the beginning of the world war.

This is an all important consideration in the purchase of a Liberty Bond.

For your bond, bought today with a dollar worth less than fifty cents, will be redeemable in dollars worth approximately their face value.

Present conditions will not continue forever. Values will eventually right themselves.

And the bond holder will be the winner.

It is good business to buy a staple article when it is cheap and sell it when the price goes up. Most fortunes have been made in that way.

And, in effect, that is what you are doing when you buy a \$100 bond with dollars worth less than fifty cents each.

It has been a long time since the average farmer could buy a government bond for the price of an acre of wheat, or the average workman with his earnings for ten days' work.

But it's possible now.

And the wise fellow will do it.

DISLOYALISTS HEAVILY FINED

A Covington dispatch says: Three men recently convicted in the Federal court here on charges of violating the espionage law, were sentenced to various terms in the penitentiary. C. B. Schoberg, shoe man, was sentenced to ten years in the Moundsville penitentiary. He was convicted on twenty-four counts. Henry Feltman, wealthy tobacco man, convicted on fourteen counts, was sentenced to seven years at Moundsville and fined \$40,000. J. Henry Kruse, real estate dealer, was sentenced to five years at Moundsville. They were convicted on testimony collected with a dictograph.

MIDDLEBURG

The scarcity of young men in the Sunday schools and other church services here is being keenly felt to say nothing of the sad homes made so by reason of their absence.

Judge Lincoln and Mrs. Wells and Morton Estes went to the State fair. Luther Tones, who has been in Illinois for two years, came home Wednesday to register.

G. H. Lanham, who left Casey 20 years ago and went to the state of Washington, is visiting his father, Robert Lanham.

Late tobacco is growing fine since the rains came, but much of it will likely be caught by the frost. Very little of the weed has been housed, and much of that was cut to prevent the sun from burning it up.

Miss W. T. Miller and son, Preston, and Miss Stella Jones went to Liberty Monday to do some shopping.

Tom Calder, who whipped Kill Roy in the fight mentioned in last week's letter, was held over to the grand jury by Judge J. D. Taylor. An automobile driven by a young man by the name of Rodgers did the turtle act at the foot of Green river last a few days since. There were several children in the machine but luckily none of them was hurt.

W. C. Royalty, who is at Camp Taylor, writes to a friend here that he is doing what the other fellow tells him. No more and no less.

Registration day services were well attended here. There were no slanders that we have heard of, and many of the present were heard to express a willingness to fight the kaiser in any way he might choose. The quail crop is surely short this year, if indeed, there is any crop at all. Several farmers tell us that none have been raised on their farms this season. W. T. Moore says he never saw his farm without a flock of quail until now.

In no other way could the young people who are to leave the community soon have been honored than they were last Tuesday evening when an old-fashioned chicken roast was held at High Bank on Green river near this place.

Miss Alma Branson and Mr. Walter Moser were given credit for the splendid way in which they cooked the chickens, eggs, coffee, and the chicken-de-quintelle soup deserves special mention as something new and very palatable. The supper, which was bountiful, was spread on the clean white rocks, made it look more like pre-historic times, and all the old folks present said it reminded them very much of olden days. About fifty people were present and every one spoke highly of the occasion. The occasion was given in honor of the following, who are to leave: Miss Ruth Jones will leave next week for Camp Hancock, Ga., to enter training school for trained nurse; Miss Gene Elliott will soon resume her studies at Hamilton College; Mr. Walter Moser was called to leave Saturday for Washington, D. C., where he is to take a government position; Mr. Jolen Allen, who has been at Lexington in training school and who was visiting homefolks was present, he will leave for France soon; Mr. Bonta

Coulter will enter Centre College and his brother, Tellus, will take work in the splendid new High School at Danville; Mr. Matt McWhorter, will report to Camp Taylor in a few days; Messrs. Vertrice Wheat, Floyd Riggins, Marshall McWhorter, Preston Miller, Alfred Riggins and E. C. Godhey will enter the military school at State University. Let it be hoped that all may assemble again and have another good time.

Mr. Walter B. Moser had to resign his position in the High School at Middleburg when he was called to Washington, D. C., by the Civil Service Commission to accept a position in the military aeronautics. Mr. Moser took the civil service examination last March and has been expecting to be called at any time. It is a splendid position and he is to be commended.

ONLY TWO WAYS

There are only two ways in which we can end this war.

We can stand together, combine our forces at home and abroad, and lick the huns to a frazzle.

Or we can surrender.

If we hesitate, weaken our forces by division of sentiment, and dilly-dally along an uncertain policy, we will only prolong the world agony interminably.

And get nowhere save into deeper water.

We want to end the fight only one way. We want to beat Germany decisively. So completely that never again will she be able to plunge the old world into such another nightmare of bloodshed as this has been.

We want to end this world agony. And we can do it only if every fellow does his part.

We can not afford to have the war end in compromise. A drawn battle really means a victory for Germany. Germany licked, but not thoroughly so, still means Germany triumphant. Any compromise will leave Germany in a position to come back again in another forty years or less and deluge the world with blood once more.

Germany must be whipped to a standstill. She must be beaten to her knees. She must beg for mercy at the feet of her conquerors. In no other way can the German spirit be chastened; the German ambition subdued.

She must never be permitted to come out of the war in a position to say that "the whole world fought but could not conquer me."

We might as well surrender right off the reel as permit that. For it would only be a matter of years until we should have to fight it all over again.

Right now is the time to finish with Germany. Finish in the way we want to finish. And end it all for all time.

None of us have the least idea of surrendering. It isn't to be considered.

But all of us must stand side by side in the duty line.

Every fellow must buy Liberty Bonds.

It is our only way to win.

See This Great Fuel-Saving Furnace

At Our Demonstration Wednesday, Sept. 25

Here is the furnace that keeps thousands of homes as warm as June throughout the severest winter known in this country, and at a saving in fuel that has surprised even those who were most skeptical about its performance. Here is your chance to learn about and become familiar with the original Patented Pipeless Furnace, which, coming on the market nine years ago, has revolutionized furnace heating by doing away entirely with costly, heat-wasting pipes! A furnace which requires only one register. Think of it, you who have suffered the discomforts of make-shift heating systems. A comfortable, even temperature of seventy degrees—no matter how cold the weather—and no pipes to clutter up the house. You surely must make the acquaintance of the

THE ORIGINAL PATENTED PIPELESS FURNACE

Read these important facts about the Patented Caloric Pipeless Furnace. They will give you an idea of the reason for its popularity among 50,000 users all over the country and among many folks right here.

Here are just a few of the striking features of this thoroughly modern heating system:

1—Heats buildings of from one to eighteen rooms to a comfortable uniform temperature of 70 degrees.

2—Enables a saving in fuel of 35 to 50 per cent by eliminating the heat waste from the use of pipes.

3—In old buildings as well as new it is easily installed because it requires no cutting up of walls and floors.

4—Burns any fuel—hard and soft coal, lignite, coke, wood, gas and all other furnace fuels.

GUARANTEED

5—The Monitor Ironclad written guarantee, issued by the manufacturers of the Caloric, is given with every furnace sold. Ask to see a copy of this guarantee and decide for yourself whether anything could be more just and satisfactory to the purchaser.

WITNESS THE CALORIC DEMONSTRATION

You will be able to witness a most interesting demonstration of this wonderful furnace at the Caloric booth. Bring with you, if possible, a rough drawing of the floor plans of your house so that we can tell you just how the Caloric can be adapted to your building, so that you too, may be able to enjoy thorough comfort this coming winter.

If you will call, write or phone us, we will be glad to supply you with explanatory literature and put you in a position to examine the construction features of the Caloric at first hand. You can not afford to delay the solution of your winter heating problem until cold weather drives you to it. Conditions are too unsettled. The government is urging people to buy their coal early; what better then, than to buy your Caloric early too?
